Continuing Professional Development Provider Application Packet

Thank you for your interest in becoming a provider of continuing professional development (PDP) for licensed speech-language pathologists and audiologists in California. This packet contains the following:

- ◆ Continuing Professional Development Regulations
- ◆ Provider Application

After their license renewal in 1999 or 2000, speech-language pathologists and audiologists can begin taking courses to accrue 24 hours of continuing professional development (CPD) for each biennial license renewal. Licensees must take courses from Board-approved providers, and course subject matter must be related to the speech-language pathology or audiology scope of practice.

It is important that you read the regulations carefully, as it will be your responsibility as the provider to meet the Board requirements. Violation of the requirements could result in adverse action on your provider approval.

Please complete and return the application form, along with the \$200 application fee (make your check or money order payable to SLPAB). Once the fees are cashiered and the Board approves you as a provider, you will be issued a provider number valid for two years. You may begin offering continuing professional development credit to speech-language pathologists and/or audiologists after you are issued a provider number. **The Board will not be approving individual courses.** A valid provider approval enables you to offer any courses which meet Board criteria.

If you have any questions, please contact the Board at (916) 263-2666.
